

Harada takes on Lockinge Stakes

May 16th 2008. Haradasun is loaded and ready to explode in this weekends Lockinge Stakes in Newbury. Harada has been trained by Aidan O'Brien in Ireland since shipping over there at the start of the year. A 50% share sold to Coolmore and a plan to assault the Northern hemisphere races. That assault all starts this weekend with the Group 1 Lockinge Stakes. Elvstroem ran a gallant 4th in this race 3 years ago when the track was flint hard. This year it is expected to be a good track with possibilities of rain. 12 acceptors will contest the race over 1600m up the straight course. Haradasun will come from barrier 9.
